COMMITTEE'S REPORT.

The Committee have pleasure in presenting the 110th Annual Report of the Hospital.

At the Annual General Meeting of Governors held in April, Mr. R. J. Burrell was elected a Vice-President and Mr. H. Farrants a Life Governor of the Hospital. Both these gentlemen have rendered conspicuous service to the Hospital over a period of years, and it is a matter of gratification to the Committee that this interest and support has thus been specially recognised.

Owing to the death of Mr. Arthur Maitland Wilson, O.B.E., and the resignation of Lord Moyne, D.S.O., the number of Trustees fell below that required by the Rules of the Hospital. Captain F. F. A. Heilgers, M.P., and Major J. S. Agnew, J.P., have kindly consented to fill these vacancies, and the Committee desire to express their gratitude to them, and at the same time to accord to Lord Moyne their thanks for the services rendered by him.

In consequence of his departure from Bury St. Edmund's, the Rev. J. H. Sandford has resigned the Chaplaincy of the Hospital. His successor at St. Mary's, the Rev. A. C. Pelly, has accepted the appointment.

The Committee decided to proceed during the late Autumn with the launching of the Special Appeal for Funds to enable them to undertake the additions to the Hospital, to which reference was made in their last Report, and for which it is estimated that a capital sum of £25,000 will be required. This Appeal has met with widespread and generous support, and at the close

of the year contributions amounting in the aggregate to £9,750 had been either given or promised. That the Appeal should have received a generously worded endorsement from the Senior Consulting Physician of the Hospital, the Lord Horder, K.C.V.O., is very gratifying to all concerned.

Much time and thought has been given by the Reconstruction Committee to the consideration of plans and details connected with the Contemplated Extensions, and in this they have received most valuable help from the Hon. Medical Staff. All concerned are naturally anxious that the additional accommodation, when provided, should be thoroughly up-to-date and complete in every detail. The Committee, therefore, appeal to all friends of the Hospital to help them to achieve this objective.

The year under review has been a busy one at the Hospital, the daily average of In-Patients being 106·6, as compared with 103·3 in 1934. The number of Out-Patients has also increased, 22,770 attendances having been dealt with in 1935 (of whom 5,749 were new patients), as compared with 20,232 attendances in the previous year. Attendances for X-Ray, Massage and Electrical Treatment also show an increase, viz., 8,374 in 1935, as compared with 8,013 in 1934. During the year a re-organisation has taken place in the X-Ray Department, Dr. S. D. Kilner having been appointed Radiologist to the Hospital. Dr. G. Loughborough, to whom the Committee are indebted for his past services in the Department, has been appointed Hon. Consulting Radiologist.

Dr. J. W. Bromley has joined the Hon. Medical Staff, and his services will be specially valuable in connection with the Electro-cardiographic Apparatus which is being acquired for the Hospital, and which should prove of great diagnostic value. During a considerable portion of the year the Hospital has been deprived, through illness, of the services in the Ear, Nose and Throat Department of Mr. T. H. Just, one of its Hon. Consulting Surgeons. The Committee extend their sympathy to Mr. Just and their hopes for his complete recovery.

At the request of the Authorities of the Borough the Committee have undertaken to provide mortuary facilities at the Hospital for town cases. The accommodation in the existing Mortuary was insufficient for the possible requirements of the borough in addition to those of the Hospital, and it has therefore been necessary to build and equip a small Mortuary Chamber adjacent to the Post Mortem Room. In view of the facilities accorded to them, the Town Council undertook to make a capital grant towards the cost of this. The former Mortuary Chamber will be converted into a small Mortuary Chapel, and this no doubt will be appreciated by the relatives of the deceased. The opportunity has also been taken to re-equip and generally improve the Post Mortem Room, and the latter has now been brought up to modern standards.

Improvement has also been carried out in respect of the lighting of the Laundry by electricity, thereby greatly facilitating the work of that department.

During the year Mr. J. Ridley kindly undertook the supervision of improvements to the appearance of the approaches to the Hospital and the garden at the Nurses' Hostel. For this purpose gifts of shrubs, roses, etc., were received, for which the Committee are duly grateful.

Once again Mr. W. R. Hustler made himself responsible for the planting of the tubs on the terrace, which give such a pleasing appearance to the exterior of the Hospital, and the Committee welcome this opportunity of recording their appreciation of his kindness.

Thanks are also due to the Ladies' Linen League for their continued support, to Mrs. Keatinge for the organisation of the annual Egg Collection, resulting in a total receipt of 55,126 eggs, and to all others who in different ways have helped the Hospital, often no doubt at no small expenditure of time and trouble.

On the financial side, Income and Expenditure remain about the same as last year. Receipts from public authorities show an appreciable diminution, but this has been more than off-set by

the receipt of the Deacon Legacy referred to in last year's Report. The abandonment of the usual Christmas Competition has also had an adverse effect on the finances of the Hospital, and has been an undoubted disappointment to many who in the past had given their support to the Hospital by this means.

On the other hand, welcome contributions were received from the Whist Drive (£111 11s. 8d.) organised by Mr. E. Watson, the August Bank Holiday Fête (£316 15s. 7d.), and the Hospital Ball (£190). To the organisers and workers in each case the Committee tender grateful thanks and appreciation of their efforts on behalf of the Hospital. A gift of £90 was also received from an anonymous donor.

On the expenditure side, the re-equipment of the Post Mortem Room mentioned above and the installation of a new boiler in the main building are extra-ordinary items which should not recur for many years to come.

The Contributory Scheme continues to render invaluable financial aid to the Hospital, thanks to untiring efforts on the part of Organisers and Collectors.

More Annual Subscribers are needed and a more extended use of the seven year covenant, to which reference was made last year, and of which a performa is included at the end of this Report.

In conclusion, the Committee once again desire to express their gratitude for, and appreciation of, the skill and constant attention given to the Hospital by the Medical and Dental Staff, as also to the Matron and Nursing Staff for the sympathetic and efficient manner in which their several duties have been discharged. That the atmosphere of the Hospital is essentially a "happy" one is due in no small degree to the devotion of the Matron and her Staff.

A great deal of additional work connected with the Special Appeal was thrown upon the Secretary and her two Assistants, and the way in which this was cheerfully accomplished has given the greatest satisfaction to the Committee, who feel that in this, as in all other matters connected with the office, they have been well and truly served.

W. H. P. LAW, Colonel,

Chairman.

REPORT OF THE PATHOLOGICAL DEPARTMENT.

The number of investigations undertaken in this department during 1935 has again increased, the total number being 10,793, as against 8,561 in 1934.

The Diabetic Clinic continues to grow, and there are now 182 patients regularly attending. During the year, 40 new patients have attended for advice and treatment, and there have been 49 in the wards from time to time, undergoing special in-patient treatment.

The Hospital has been able to make good use of the invaluable services of Donors for blood transfusions during the past year. Twenty-seven new names have been added to the list.

In the accompanying tables the figures have been tabulated thus:

1. WARDS. Investigations for patients undergoing treatment in the Hospital.
2. C.S. Specimens sent by doctors from patients not attending Hospital for treatment, but who are members

of the Contributory Scheme, and also from patients who are attending the Hospital as out-patients.

3. P.P. Specimens sent in similarly by doctors from their private patients.
4. D.C. Specimens obtained from patients attending the Diabetic Clinic.

A separate analysis of the work undertaken for the West Suffolk County Council appears at the end of the Report.
